## IHCP updates *Professional Fee Schedule* for coverage of HCPCS code E0766

The Indiana Health Coverage Programs (IHCP) previously added coverage of Healthcare Common Procedure Coding System (HCPCS) procedure code E0766 – *Electrical stimulation device used for cancer treatment, includes all accessories, any type* (code billed with modifier RR [Rental]), effective for professional claims with dates of service (DOS) on or after October 29, 2020. This coverage was announced in *IHCP Banner Page* [BR202039](#). For pricing, prior authorization (PA), and billing guidance, see [BR202039](#).

Procedure code E0766 was a noncovered service before the coverage effective date of October 29, 2020. However, the *Professional Fee Schedule* may have shown this service incorrectly as reimbursable before that date. No claims were affected.

The *Professional Fee Schedule* has been updated to reflect coverage of code E0766, and is accessible from the [IHCP Fee Schedules](#) page at [in.gov/medicaid/providers](http://in.gov/medicaid/providers).
